OUTBREAK CONTROL

BROAD SPECTRUM DISINFECTANT

- ✓ Broad spectrum disinfectant effective against viruses, gram negative and gram positive bacteria.
- ✓ Rapid action.
- ✓ Effective in hard water.
- ✓ Stable in dilution.
- ✓ Tested in dirty conditions.
- ✓ Non-corrosive.
- ✓ Neutral pH.
- ✓ Biodegradable – phenol free.

AREA OF APPLICATION

OUTBREAK CONTROL is a broad spectrum disinfectant based on a synergistic blend of NEW GENERATION quaternary ammonium compounds, glutaraldehyde, alcohols and surfactants. OUTBREAK CONTROL is applicable as an aid in improved hygiene management for use in the variety of industrial areas such as animal and poultry houses, hatcheries and swine producing facilities. OUTBREAK CONTROL can also be used in foot baths and wheel dips.

BACTERIA	DILUTION
Escherica Coli	1:100
Staphylococcus Aureus	1:100
Pseudomonas Aerginosa	1:100
Enterococcus hirae	1:100

FUNGUS	DILUTION
Aspergillus brasiliensis	1:100
Candida albicans	1:100

PROPERTIES

- **Appearance:** Clear colorless liquid
- **Odour:** Amine-like
- **S.G.** 0.99 – 1.05
- **Solubility water:** 4.0 – 5.0

NRCS Registration: Act29GNR529/245082/110/741
